

1979

TIMBERLINE

Donated By Tri County Tech. To Bemis
Memorial Library March 15th, 1979.
Reference

The path of life is full of ways
To go, to turn, to change, to stay
We must each choose the path we'll take
And what of our own lives we'll make

Many things will help us know
Which is the best way we should go
The more we learn, the more we'll see
Of how we want our lives to be

For learning is like unto the mind
The sun as it begins to climb
Through knowledge, we find a better way
With the rising sun, a brand new day

And as we seek to know more and more
We will have helpers with each chore
Those who know much more than us
Those in whom we'll place our trust

And after we've been led along
We'll seek a new way on our own
We'll try new ventures — experiment
Confidence replacing discontent

But as we trudge along the path
There will be times we'll stop and laugh
There won't be always toil and strife
For part of learning is enjoying life

We must say sometimes what we think
And not just from life's fountain drink
We must contribute, must do our part
Must fight and say what's in our heart

And when we take that learned from those
Who have tried to keep us on our toes
And that we've learned all on our own
And that we have known all along
Combine them with a love for living
Involvement and a sense of giving
The path of life won't seem so long
For we will know that we've grown strong
Life's each event we will attend
And find a rainbow at the pathway's end
